OFFICE OF THE FUTURE

Panchshil Realty, headquartered in Pune, has developed a new property called Business Bay. Strategically located across the Poona Club Golf Course on Airport Road, this business park is designed to offer the complete package—work, shop, live and play—to its corporate occupants. High-end retail stores and the luxurious Ritz-Carlton hotel are only the tip of the iceberg at this property by the recipient of the Asia-Pacific Property Awards 2014-2015 for 'Highly Commended Mixed-Use Development'. The key assets of Business Bay are its modern workspaces—as seen in the aesthetic environs of BMC Software (*pictured*), an American digital enterprise management firm. (panchshil.com)
